Subject Index

A

- Alkylating agents, in cancer chemotherapy, 72-73, 77
- Ameloblastoma, 205-207
 - discussion of, 206
 - etiology of, 205
 - of the mandible, 155
 - pathology of, 205
 - roentgenographic findings in, 205-206
- American Cancer Society, letter to
 - about inadequate diagnosis, 172-173
 - publication of manual of tumor nomenclature and coding 1968 edition by, 223
- Announcements, 55
- Antibiotics, in cancer chemotherapy, 73
- Antigens, advances in tumor-specific transplantation, 176
 - of normal and leukemic leukocytes, studies on, 112
- Antigen production, in paraneoplastic syndromes, 326-327
- Antimetabolites, as anticancer drugs, 232-234
 - in cancer chemotherapy, 78
- Appendix, carcinoid of, surgical treatment for, 214-215

B

- Biliary passages and liver, trends in management of, 193-194
- Bio-medical detoxification therapy, 362-363
- Biopsy, aspiration, of soft tissue tumors, 261
 - of soft tissue tumors, 261
- Biopsy procedures, dangers in, 334
 - importance of, 330-334
- Bladder cancer, and cigarette smoking, 358
 - epidemiological and pathological study of, 304
 - trends in management of, 199
- Bone, care of, before treatment for oral cancer, 271-273
 - during curative radiation therapy for oral cancer, 273
 - surgical measures for, in oral cancer, 273-274
 - management of, after treatment for oral cancer, 274-275
 - management of, in patient before, during, and after treatment for oral cancer, 269-278

- metastatic lesions in, radio strontium bone scan as diagnostic method in, 249
- Brain, cancer of, trends in management of, 200-201
- Breast, diseases, of and mammo-graphy, 279-283
 - nonpalpable carcinoma in fibrocystic disease of, 296-297
 - significance and treatment of nipple discharge in, 170-171
- Breast cancer, artificial menopause as protective effect on, 250
 - comments on, 109
 - detection of, 304
 - human breast milk in relationship to, 336-340
 - and irradiation for, 182
 - of male, 244-245
 - national conference on, 255
 - natural history and effect of radical mastectomy on, 112
 - need for investigation of epidemiologic aspects of, 25-28
 - neihilism in treatment of, 87
 - reasons for delay in diagnosis of, 248
 - risk factors in, 27
 - significance of family history and, 28
 - statistics on, 14
 - studies on the possible viral etiology of, 106-107
 - survival of 637 Emory operable patients with, 283
 - trends in management of, 195-196
 - virus-like particle observed in, 179
- Bronchogenic carcinoma, cytology in diagnosis of, 29-30
- Burn scar carcinoma, 140-142
 - clinical appearance of, 141
 - etiology of, 140-141
 - incidence of, 140
 - prophylaxis for, 142
 - treatment for, 141-142

C

- Cancer, advanced, the need for an understanding personal physician in, 42-45
 - attitude necessary in treatment of, 128
 - in childhood, the challenge of, 35-39
 - cost of, 24
 - disseminated, control of, through quantitation, 171
 - interdisciplinary approach to treatment of, 364-365

Subject Index

- new manual, 352
- no correlation between human and canine, 358
- nonprofessionals support of unproven methods for treatment of, 142
- of the ovary, 122-128
- prayer for physicians treating, 245
- role of surgeon in prospect of death from, 264-267
- as second leading cause of death in U.S., 17
- trends in management of, 189-204
- Cancer chemotherapeutic agents, 72-81
 - sites of action of, related to molecular and cellular processes, 80-81
- Cancer chemotherapy, specific agents used in, 74
- Cancer and congenital disease, epidemiologic evaluation of, 179
- Cancer deaths, estimated by sex and site—1968, 15
- Cancer death rates, female, by site, 20
- male, by site, 20
- Cancer detection, attitudes and delay in, 287-293
- Cancer of the female genital tract, 2-12
- Cancer incidence by site and sex, 19
- Cancer risk, of protracted use of steroid hormones, 97-100
- Cancer statistics on, 13-24
 - applied locally, 21
- Cancer survival rates, for selected sites, 19
- Cancer uncontrol, comments on, 361
- a nightmare, 256
- Cancer around the world, statistics on, 14, 22-23
- Carcinogenesis, chemical, recent experiments on, 176
- Carcinogens, in man, latent period of some known, 98
- "natural" sources of, 353
- Carcinoid syndrome, cause and symptoms of, 216-217
 - diagnosis of, 216-217
 - pharmacologic and surgical therapy for, 217
- Carcinoma, burn scar, 140-142
 - clinical appearance of, 141
 - etiology of, 140-141
 - incidence of, 140
 - prophylaxis for, 142
 - treatment for, 141-142
- Cardia, carcinoma at the, 227-228
- Cell renewal patterns, 355
- Cervix, carcinoma of, second chance for patients with, 208-211
 - statistics on patients previously treated for, 209
 - surgical procedures used in patients with recurrent or residual, 210
- Cervix cancer, and leukemia incidence following radiation for, 179
- CH-23, 174-175
- Chemodectoma, 182
- Chemotherapeutic agents, cancer, 72-81
- Chemotherapy, alkylating agents in, 72-73, 77
 - antibiotics in, 73
 - antimetabolites in, 78
 - hydroxyurea in, 73
 - its importance in cancer treatment, 173
 - L-asparaginase in, 73
 - miscellaneous drugs in, 79
 - neoplastic diseases responding to, 75
 - results of, on gastrointestinal cancer, 183
 - steroids in, 72, 76-77
 - vinca alkaloids in, 73-79
- Children, cancer in, alerting signs and symptoms of, 38
 - challenge of, 35-39
 - common misconceptions about, 36
 - most common sites in, 36
 - most common sites of, 24
 - prognosis for, 37
 - relative effectiveness of therapy in, 37
 - role of physician in, 38
- Children, cancer statistics for, 14
 - leading causes of death in, 24, 36
- Choriocarcinoma, human, experimental line descended from, 252
- Chromosome studies, 249
- Cigarette smoking, life expectancy of males aged 25 indulging in, 188
 - as public health problem, 34
- Clinical aspects, of gastrointestinal carcinoids and the carcinoid syndrome, 212-213
- Clinical course, in cancer of vulva, 3-4
- Colon cancer, cytologic examination for, 31-32
- Colon, cancer of, influence of no-touch isolation technic on survival rates, 82-87
 - pathology of, 84
 - statistics on, 84-86
 - trends in management of, 192-193
- Colon, carcinoid of, surgical treatment for, 215

Subject Index

- Colon carcinoma, and inguinal hernia, 143-145
 - clinical data on, 143-144
 - conclusions about, 145
- Colon, carcinoma of, anatomic location of lesions in series of, 144
- Colon and rectal cancer, statistics on, 14
 - value of proctosigmoidoscopic examinations in, 88-91
- Colon and rectum cancer, need for education on, 90
- perforation in, 108-109
- Computers, and their contribution to medicine, 56
- Contraceptives, oral, endometrial changes associated with, 249
- Cyclophosphamide, studies on quantitative information on, 176
- Cytologic facilities, report on national surveys of, 219-223
 - report on surveys by state—1961, 1963, 1966, 220-221
- Cytology in cancer detection and diagnosis, 29-33

D

- DNA function, and anticancer drugs, 232
- Data, clinical, on colon carcinoma and inguinal hernia, 143-144
- Deaths, from cancer, estimated by state—1968, 16
 - trends in age-adjusted rates, 18
- Delay, in cancer diagnosis, statistics on, 289-291
- Dental prosthesis and rehabilitation in oral cancer, 68-70
- Departmentalization, adverse effect of, on medical education, 45
- Derepression hypothesis, 325-326
- Detection, cancer, attitudes and delay in, 287-293
 - of cancer, cytology in, 29-33
- Diagnosis, of cancer, cytology in, 29-33
 - of cancer of esophagus, 227
 - differential, in cancer of endometrium, 11
 - differential, in cancer of vulva, 4
 - methods of, for cancer of endometrium, 10-11
 - principles in, of soft tissue tumors, 261
 - of salivary gland tumors, 237-238
 - variables in, of ovarian cancer, 125
- Drugs, anticancer, antimetabolites as, 232-234
 - DNA function and, 232

- t-asparaginase as, 234
 - mechanism of action, at cellular level, 232-234
 - O, p'DDD as, 234
 - steroid hormones as, 234
 - vinca alkaloids as, 234
- Duodenum, carcinoid of, surgical treatment for, 213-214

E

- Education, future patterns in medical, 156-157
 - need for filtering out the relevant data from the irrelevant in, 95
- Electron microscope, and human neoplasms, 353
- Electron microscopy, and virus-like particles observed in milk, 337
- End results, in salivary gland tumors, 239-240
- Endometrial cancer, management of, 107
- Endometrial and extra-uterine cancer, value and pitfalls of vaginal and cervical smears in, 96
- Endometrium, cancer of, 8
 - differential diagnosis in, 11
 - methods of diagnosis for, 10-11
 - natural history of, 8
 - pathology in, 8
 - prevention of, 11-12
 - prognosis in, 12
 - symptomatology of, 8-10
 - treatment of, 12
- Endoscopic photography in gastroenterology, 129-139
 - principle of fiber optics in, 129-131
- Epidemiologic studies, on carcinoma of kidney, 294-296
- Epidemiology, of breast cancer, need for investigation into, 25-28
- Esophagoscopy, suggested photographic parameters for, 138
- Esophagus, cancer of, recent progress of, 227-231
 - trends in management of, 192
- Esophagus, carcinoma at cardia in, 227-228
 - carcinoma of, diagnosis of, 227
 - cervical, carcinoma of, 230
 - upper, carcinoma of, 228-230
- Etiology, of ameloblastoma, 205
 - of breast cancer, studies on possible viral, 106-107
 - of burn scar carcinoma, 140-141
 - of cancer of the vulva, 2

Subject Index

F

- Fallopian tube, carcinoma of, 186-188
 - prognosis in, 188
 - treatment for, 188
- Fallopian tube, signs and symptoms of carcinoma in, 186-188
- Family, informing the family of cancer diagnosis, 264-266
